- **St. Thomas' Boys' School** Kolkata, India
ICSE in Technical Applications; GRADE: (70/100)
2007 – 2018

EXPERIENCE

- **Unified Mentor** Kolkata, India
Full Stack Web Development Intern
Feb 2025 - May 2025
 - **Objective:** Developed and deployed dynamic web applications using **JavaScript, HTML, CSS, and Firebase**. Built an **Digital Portfolio, Ebus Management System, and Clinic Management System** with real-time data and authentication. Focused on UI/UX, database integration, and scalability. Gained hands-on experience in **full-stack development and cloud-based applications**.
- **Abacus Institute Of Engineering & Management** Hooghly, India
Member, Technical Club - Entrepreneurship Cell
May 2023 - April 2024
 - **Objective:** Led engaging **hackathons** and facilitated **workshops, seminars, and guest lectures**, learning a lot in the process. These initiatives fostered a strong sense of **teamwork, leadership**, and highlighted how technology drives **real-world impact** and continuous innovation.
- **Infinity Events** Kolkata, India
Web Content Writer
March 2024 - June 2024
 - **Objective:** As a **Web Content Writing Intern**, I authored over **30 articles, blogs, and SEO-friendly pages**, aligning content with keyword strategies and current trends. This led to a **20% boost in organic traffic**. I also worked with the design team to enhance visual layouts, improving content strategy and audience engagement.

PROJECTS

- **eBus Management System:** Built a responsive eBus Management System using **HTML, CSS & JavaScript** to streamline public bus operations, **reducing manual booking efforts by 60%**. Features secure role-based login via Authentication, enabling **admins to create driver/travel operator accounts, drivers to post bus details, and users to register, search buses by route, and view listings**. Achieved 30% faster task completion, enhanced booking visibility, and improved user satisfaction across devices.
- **Digital Portfolio:** Designed and developed a modern, responsive, and high-performance personal portfolio website using **HTML, CSS, and JavaScript**, hosted on **Netlify** for seamless deployment. The site features smooth animations, interactive UI, and optimized performance, achieving a **95%+ Lighthouse score** for speed and accessibility. It ensures **cross-device compatibility** & showcases **projects, skills, and achievements**.
- **Tic Tac Toe Game:** Developed an interactive **Tic-Tac-Toe game using HTML, CSS, and JavaScript**. The game features a simple, user-friendly interface & interactive UI, allowing two players to compete in real-time. The project demonstrates proficiency in **frontend development & game logic implementation** providing an engaging experience for users.

SKILLS

- **Programming Languages:** Python3, JavaScript
- **Web Development:** HTML5, CSS3, Bootstrap
- **Database:** MySQL
- **Others:** DSA

ACHIEVEMENTS AND RESPONSIBILITIES

- : **Member of Technical Club** at the Entrepreneurship Cell of my college.
- : Completed the **NPTEL** course on **"Python Programming Language and Data Structures"** gaining proficiency in Python programming fundamentals and data structure implementation.
